 Project successfully created

Finish setting up your project

1. Follow the instructions in the [Unity Developer Integration Guide](#) by using these Game IDs:

 5906452 

 5906453 
2. We created a set of Ad Units for your project. Go to [Ad Units](#) and start designating surfacing points to serve ads in your game.
3. Follow the [Best Practice Guide](#) to maximize revenue with Unity Ads.

 **Print the instructions**

Finish
